Work Experience

-  Beside of studies Jun 2016 — now
SM Creative AB (Gothenburg)
Self-employed / sharpmind.se
Co-founder of a newly founded student-driven digital agency. We develop websites and mobile apps both for our own customers and also as sub contractor for larger agencies.
-  Beside of studies Nov 2014 - Jun 2016 / summer 2015
Find1 AB (remotely, Stockholm)
Web developer
Full-stack web development, mainly with WordPress. During my time at Find1 I worked for various Swedish companies such as Mecenat, Transportföretagen and Vadstena Klosterhotell.
The company filed for bankruptcy Sep 2016.
-  Various summer internships, 2011-2014
Invacare (QA/reclaims), Invacare (assembly line), Älmhult Municipality

Very good proficiency:

HTML, CSS, PHP,
Laravel, WordPress,
JavaScript, Sketch,
Photoshop

Good proficiency:

Angular, LESS, SASS,
Java / OOP, Git, Ionic,
MySQL, TypeScript,
Node.js

Basic proficiency:

Linux, React, Vue.js,
Android development,
iOS development,
Grunt, Gulp

Education

-  2015 - now (expected graduation 2020)
Chalmers University of Technology
Software Engineering, 300 hp (BSc ongoing, MSc planned)
Second year's university studies with courses in areas such as software development, project management, computer science and math. Top grades in 6 courses and second top grades in the other 4 courses.
-  2012 - 2015
Smålandsgymnasiet, Växjö (Upper secondary school, technical programme)

Other projects and qualifications

Co-founder, Feedient

Developed a social feed aggregator during 2014-2015 which had a total of 85 000 users and acted as a user friendly alternative to Hootsuite.

Co-founder, FusionCMS

Between 2010 and 2013 I developed and managed a gaming related CMS (PHP-based) that had over 300 paying customers.

Head of web, digIT (16/17)

Volunteer student committee work at Chalmers.

Drivers license
